About Us

Welcome to S&S Packaging, a leading printing & packaging enterprise with over 50 years of experience. Founded by our MD & CEO, Mr. Jaideep Savla, S&S Packaging has built a strong foothold in the industry. Now, under the leadership of Mr. Siddhant Savla, COO & VP of Business Development and the 3rd generation of our family, we are setting new benchmarks and driving the company to new heights.

With our headquarters in Mumbai, and a 50,000 sq. ft. manufacturing facility in Silvassa equipped with the latest technology, we deliver top-quality packaging solutions. Our factory operates two divisions: Offset Printing and Rotogravure Printing, catering to sectors such as FMCG, Pharma, F&B, Stationery, & Cosmetics, among others.

Guided by our core values—Quality, Innovation, and Customer Satisfaction—we are committed to expanding our reach & pioneering new paths in the packaging industry.

Our Clientele

Our Infrastructure

We are S&S Packaging, India's leading innovator in printing technology solutions. At our Silvassa plant, we make sure to manufacture products that fulfill & exceed our customers needs & meet international standards. Our facility is equipped with state-of-the-art printing machines & technology, offering the highest quality rotogravure and offset printing.

Offset Printing Division

Heidelberg Speedmaster 6-Color Printing Machine with Coater:

The Heidelberg Speedmaster is capable of printing six colors, in a single pass. It operates at speeds up to 12,000 sheets per hour on paper ranging from 40 to 400 gsm, delivering high-quality, vibrant prints.

Bobst Novacut 106 E 3.0: The Bobst Novacut 106 E 3.0 is a high-performance die-cutting and embossing machine that processes up to 8,000 sheets per hour and handles boards up to 400 gsm.

Heidelberg Foiling Machine: Specializes in adding decorative and protective foil elements to printed material with precision, including holographic films for secure packaging.

Cutting machine: Cuts various materials, like sheets, with high precision in order to provide a uniform and desired shape.

Folder & Gluer Machine: Forms and glues printed mono carton and other materials, providing pre-folding and gluing for mono cartons to meet all our customer requirements.

Rotogravure Printing Division

Kohli 6-Color Printing Machine: Offers high-speed printing at 200 meters per minute on paper and boards (20-350 gsm) with electrostatic assist and automatic registration controls for superior quality and accuracy.

Goebel Slitting Machine: Efficiently converts large rolls into smaller bobbins or coils with precise slitting as per customer specifications.

Sud and Waren Slitter and Rewinder Machine:

Provides high-speed, precise slitting and rewinding for various substrates, featuring advanced technology for accuracy and reliability.

SJT-600ST Hot Foil Stamping Machine: Delivers precise stamping with Siemens PLC and Delta Servo Control, 600mm width (450mm for tipping paper), operating at 80-150m/min, with $\pm 0.10\text{mm}$ accuracy.

SPQ-800SS High-Speed Slitting Machine: Supports up to 1000mm diameter, slits at 450m/min with accuracy of $\leq \pm 0.05\text{mm}$ and $\leq \pm 0.12\text{mm}$.

GDFJ-100A Rewinding Machine: Features up to 500mm diameter, speeds up to 450m/min, ensuring $\pm 0.15\text{mm}$ surface flatness.

Quality Assurance Laboratory

At S&S Packaging, we understand the importance of quality for your consumers. We partner with you to bring your vision to life and ensure your brand's success with top-notch printing & packaging solutions. Our in-house QA lab, equipped with the latest technology, tests your product at every stage to consistently exceed expectations.

- Spectrophotometer
- Stiffness and Crease Tester
- Coefficient of Friction Tester
- Scuff Tester
- Weighing Scale GSM Test
- COBB Tester (Water Absorption Test)
- Gloss Tester
- Ford Cup/Viscosity Tester
- Thickness Gauge

Our Products

We specialize in printing mono cartons for various industries and products which include:

FMCG Industry: Biscuit, Toothpaste, Shampoo, Ready to Eat Food, Soap, Cereal, Spices, Labels, Detergent, Tea, Coffee, Protein Powder, etc.
